DELMINEFFABLE

PODCASTER · CONTENT CREATOR · MIAMI, FL

One take, no script. I make local features, podcast talks, and TikTok LIVE content that gets people to actually show up.

THE ANGLE

WHY ONE TAKE WORKS.

Everything is one take. No scripts, no reshoots, nothing AI-polished. That's why it lands. It reads like a real person reacting in real time, so when I say a place is worth visiting, people believe it and go.

For a brand or a venue, that's the whole point: the reaction is real, not a scripted ad read, and the audience can tell the difference.

AUDIENCE & REACH

THE CONTENT OUT-REACHES THE FOLLOWER COUNT.

100k+

Views on one Pier Sixty-Six hotel review. 50+ people said they'd visit off that single video. That's real intent behind the numbers, not just a view count.

200

TIKTOK FOLLOWERS

Best post 100k+ views · ~200 likes, ~50 comments avg

200

INSTAGRAM FOLLOWERS

Cross-posted features & reels

400

YOUTUBE SUBSCRIBERS

Long-form vlogs & podcast clips

The videos get real views and real action. Judge it by that, not the follower count.
